

CAREplan

Miller EMS offers a money saving subscription plan called CAREplan that helps you save money in the event of a medical emergency requiring you to utilize our ambulance service. The program also helps to ensure your local Miller EMS ambulance service remains operational and ready to respond to emergencies.

A CAREplan membership can mean big savings to its members by reducing, or even eliminating, the out-of-pocket expense associated with ambulance transport. If we have to transport you, or any permanent member of your household, we will accept what your insurance pays as payment in full and will forward no patient responsibility portion to you.

Even members without medical insurance can take advantage of the savings. Non-insured members will experience a 40% reduction in their ambulance bill and will be considered for acceptance into a payment program.

One membership covers everyone who permanently resides in your household.

Your subscription matters

Besides saving you big bucks, the subscription program helps you, your friends, and your family by ensuring an ambulance is ready to respond at all times. Your annual fee is utilized by Miller EMS to help defray operational expenses of maintaining the ambulance service in ready condition.

Broad coverage

Miller EMS provides both pre-hospital (911) ambulance service and inter-facility (hospital to hospital) ambulance service to several towns and counties across Oklahoma. As a member your benefits are applicable to any pre-hospital or medically necessary inter-facility transport made by a Miller EMS ambulance regardless of where you are.
